NICOPRESS[®] WIRE ROPE ASSEMBLY SERVICE KITS

Tool and Sleeve Kits

These kits offer a comprehensive assortment of the most popular Nicopress[®] zinc-plated copper oval splicing and stop sleeves for commercial and industrial applications. Two separate kits, which cover slightly different wire ranges, are available to provide a match-mated sleeve and tool combination package.

The kits include cable cutters, crimp gauge, Allen wrench, and complete operating and installation instructions. Each kit is packaged in a sturdy, latching, plastic carrying case.

STOCK NO.	RANGE (WIRE SIZE)	WEIGHT
KIT 1. #3293	1/16", 3/32", 1/8", & 5/32"	21 lbs.
KIT 2. #3311	1/8", 5/32", 3/16", & 7/32"	26 lbs.

Splice Kits

Four kits of oval splicing and stop sleeves in assorted sizes and materials are available. Maintenance and service contractors find these kits invaluable for fast, professional maintenance and repair work.

Each kit is packaged in a sturdy, latching, plastic carrying case.

STOCK NO.	RANGE (WIRE SIZE)	WEIGHT
Sleeve Kit #3 (Copper)	1/32", 3/64", 1/16", 3/32", 1/8", 5/32", 3/16", & 1/4"	2.6 lbs.
Sleeve Kit #4 (Zinc/Copper)	1/32", 3/64", 1/16", 3/32", 1/8", 5/32", 3/16", & 1/4"	2.6 lbs.
Sleeve Kit #5 (Tin/Copper)	3/64", 1/16", 3/32", 1/8", 5/32", 3/16", & 1/4"	2.6 lbs.
Sleeve Kit #6 (Aluminum)	3/64", 1/16", 3/32", 1/8", 5/32", 3/16", & 1/4"	1.3 lbs.

Nicopress[®] Products are available through local authorized stocking distributors.
